

THESE MINUTES ARE SUBJECT TO APPROVAL AT THE NEXT CHESTER MAIN STREET PROJECT
COMMITTEE MEETING
CHESTER MAIN STREET PROJECT COMMITTEE MEETING
Tuesday, August 7, 2018 8am
Main Street Wall
Chester, CT

CALL TO ORDER

Leslie Strauss called the meeting to order at 8 a.m. In attendance included: Steve Tiezzi, Jeremy Zieman, Charlene Janecek, Leslie Strauss, Jeff Jacobson, and Chuck Mueller.

REVIEW OF PARKING DESIGN

The new parking lines were reviewed by the committee members.

After walking around and discussing the new parking spaces with Jeff the committee decided to:

- Not go with the new design and leave the parking spaces the way they were.
- Keep with the plan the move the handicap parking across the street.
- Expand the sidewalk to meet ADA requirements which will create a small expanded area at the foot of the walk-up entrance to Spring Street.

OTHER BUSINESS

Jeff will create a new drawing/design of this area which will be discussed at the next meeting on August 28, 2018.

AUDIENCE OF CITIZENS

Kyle Monroe, Tom Brelsford and Bill Myer

Kyle Monroe addressed the committee speaking for himself and the Merchants. He stated that they do not want the parking spaces to change in fear of losing spaces. They have "grab and go" businesses where they rely on the parking spaces on Main Street.

ADJOURNMENT

On a motion made and duly seconded, the meeting was adjourned.

Respectfully Submitted,

Jenny Watrous
