Joel, reviewed his meeting with IWWA and the plans for the next three meetings presenting the need for the dredging of the mouth of Chester Creek.
Member will try to make the next meetings; especially the very important Board of Finance presenting the case for the consequences if the dredging doesn't happen. Specifically, the loss of tax revenue and business for local businesses. IF no cost share; no grant for dredging; unless the marinas and yacht clubs pay the cost share.
Jeb to contact the local marinas and yacht clubs for their input on the need and attending the BOS, BOF and P&Z meetings.
7. Motion to adjourn

Respectfully Submitted,

JP Severance
