Mooring Description (Note the harbormasters will inspect the mooring prior to its installation)

Anchor Type _____ Weight _____

Rode: Chain/line _____ Length _____ Diameter _____

Pendant type _____ Size _____

Dinghy location or access _____

I understand that my vessel must be properly registered in Connecticut or another state or documented with a visible decal. Moorings should have adequate ground tackle, pendants, chafing gear and scope for the area and conditions expected. A vessel riding on its mooring must not infringe on other moorings. Moorings, by action of wind or current shall not encroach upon navigation channels maintained by the Corps of Engineers or interfere with established fairways, wharfs, docks or floats. Mooring buoys shall be white with clearly visible horizontal contrasting color band around the circumference centered midway between the top of the buoy and the waterline. The decal will be attached above this line. Moored vessels shall comply with Inland Rule 30 (Lights for anchored vessels). The vessel owner will follow the direction of the harbormaster in the event of a hurricane.
